FRANKFORT, KY 40601
(502) 564-2611
FAX: (502) 564-2517

January 13, 2009

The Honorable Mitch McConnell
United States Senate
361-A Russell Senate Office Building
Washington, DC 20510

Dear Senator McConnell:

As both the House and Senate consider reauthorization of the State Children's Health Insurance Program (SCHIP), I ask for your strong support of this critical program. As you know, the Kentucky Children's Health Insurance Program (KCHIP), funded through SCHIP, provides health insurance to Kentucky children who are not covered under Medicaid or other government programs and whose family income is below 200 percent of the federal poverty level.

We must not underestimate the value of comprehensive and preventive health care for our children. Healthy children are more productive students and more successful adults. With families struggling through a global economic crisis, it is more important than ever for SCHIP to be reauthorized.

Since the creation of KCHIP in 1999, 290,215 children have received health care coverage through the program. This past November, I implemented increased efforts to find, enroll and keep eligible children in this program. I aim for the state to enroll all eligible children, with a goal of 35,000 new children enrolled by 2010.

Clearly, we have a lot of work to do, and I look to your leadership to ensure that reauthorization of SCHIP programs occurs as soon as possible. I know we both share the priority of children's health care, and I look forward to your continued support of this program.

Sincerely,

Steven L. Beshear
