Mr. Rusty Anderson, KIA, made maps available for viewing via the Water Resource Information System (WRIS) which showed an overview of the water and sewer projects that were to be considered at this board meeting.

I. BUSINESS (Board Action Required)

A. 1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of April 4, 2013

Mr. Ron Lovan moved to approve the minutes of the April 4, 2013 regular board meeting. Mr. Jerry Wuetcher seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS

1. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A13-028) IN THE AMOUNT OF \$1,538,750 TO THE REGIONAL WATER RESOURCE AGENCY, DAVIESS COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, presented the project to the Board. The Regional Water Resource Agency requested a \$1,538,750 Fund A loan for the Masonville Sewer Extension project. The project involves the construction of a lift station, a twelve inch force main near the Owensboro Community College, ten inch gravity sewer mains, eight inch collector sewers, and twelve inch sewer mains. It will add twenty-five immediate customers with the potential of servicing a total of eighty new customers in a new development. The project will also eliminate three package treatment plants which will improve service to existing customers. Under the 2012 Capitalization Grant Equivalencies the project did not qualify for Green Project Reserve funding and it did not qualify for additional subsidization. The term of the loan is 20 years with an interest rate of 1.75% and a total estimated annual debt service payment of \$94,596. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the Fund A (A13-028) resolution with the standard conditions. Ms. Lona Brewer seconded, and the motion carried unanimously.

2. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B13-004) LOAN IN THE AMOUNT OF \$500,000 TO THE CITY OF BURKESVILLE, CUMBERLAND COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the Board. The City of Burkesville requested a Fund B loan in the amount of \$500,000 to supplement their Fund A loan that was previously approved by the Board on November 10, 2011, for \$1,000,000, for the SSO Remediation project. Several items (portable generator for backup power, aeration equipment, a flow meter for the city hall pump station, fencing at the pump station) were identified as necessary for addition or replacement after the original request was prepared. Geotechnical conditions that could not be identified at the time of the original estimate impacted the location (an additional property had to be purchased) and foundation of the tank. The term of the loan is 20 years with a 0.75% interest rate and an estimated annual debt service payment of \$27,969. KIA staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the Fund B (B13-004) Resolution with the standard conditions. Mayor David Cartmell seconded, and the motion carried unanimously.

3. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B13-005) LOAN IN THE AMOUNT OF \$1,416,540 TO THE CITY OF SCOTTSVILLE, ALLEN COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the Board. The City of Scottsville requested a Fund B loan in the amount of \$1,416,540 for the Wastewater Treatment Plant Improvements project. The project involves the construction of a waste activated sludge (WAS) pump station and force main, rerouting the drain piping from the chlorine contact basin to the new pump station, and a new flow splitter box and associated piping to distribute flows from the oxidation ditches to the clarifiers. The term of the loan is 20 years with a 0.75% interest rate and an estimated annual debt service payment of \$27,969. KIA staff recommended approval of the loan with the standard conditions.

Mr. Ron Lovan moved to approve the Fund B (B13-005) Resolution with the standard conditions. Ms. Linda Bridwell seconded, and the motion carried unanimously.

4. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF

A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND (F13-007) LOAN IN THE AMOUNT OF \$1,538,817 TO THE CITY OF CARROLLTON f/b/o CARROLLTON UTILITIES, CARROLL COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The City of Carrollton f/b/o Carrollton Utilities requested a \$1,538,817 Fund F loan for the Carroll County Interconnect project. The project will provide interconnections and infrastructure additions for three public water systems in Carroll County. The project will provide two interconnections between Carrollton Utilities (CU) and the Carroll County Water District (CCWD), an interconnection between the CCWD and Gallatin County Water District, and will close a gap between a portion of the West Carroll Water District (WCWD) that is currently served by the City of Milton and the rest of the WCWD system. Infrastructure components that are specific to each utility include: CCWD – 150,000 gallon elevated water tank to support an underserved area and replacement of 2,300 linear feet (LF) of asbestos cement water line; WCWD – booster pump station and 1,700 LF of water line to tie discrete sections of the system together; and CU – new groundwater well and associated piping, emergency generator to support the water treatment plant and interconnections. The 2012 Drinking Water Capitalization Grant did not contain a “green” requirement. The project qualified for additional subsidization in the amount of \$384,704. The unforgiven balance of the loan is \$1,154,113 to be repaid in 30 years with an interest rate of 0.75% and an estimated annual debt service payment of \$45,918. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the Fund F (F13-007) resolution with the standard conditions. Mr. Paul Gannoe seconded, and the motion carried unanimously.

5. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND (F13-012) LOAN IN THE AMOUNT OF \$4,000,000 TO THE NORTHERN KENTUCKY WATER DISTRICT, KENTON COUNTY, KENTUCKY

Mr. Ron Lovan recused himself from the discussion on this project due to his position as President of the Northern Kentucky Water District and left the room.

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The Northern Kentucky Water District requested a \$4,000,000 Fund F loan for the Kenton and Campbell County Water Main projects. The projects include the installation of new raw and finished water transmission mains along with equipment upgrades at the Taylor Mill treatment plant; will provide a more reliable water supply to wholesale customers; and give the District flexibility in conveying raw water between reservoirs, which will facilitate the temporary removal of the north reservoir from service for maintenance and provide a more even distribution of water storage between the north and south reservoirs. The 2012 Drinking Water Capitalization Grant did not contain a “green” requirement.

The project did not qualify for additional subsidization. The term of the loan is 20 years with a 1.75% interest rate and an estimated annual debt service payment of \$247,902. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the Fund F (F13-012) resolution with the standard conditions. Ms. Lona Brewer seconded, and the motion carried unanimously, with Mr. Jerry Wuetcher abstaining because the District will have to apply to PSC for approval to enter into the loan agreement.

Mr. Ron Lovan returned to the room.

5. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND (F13-020) LOAN IN THE AMOUNT OF \$4,000,000 TO THE CITY OF HOPKINSVILLE f/b/o HOPKINSVILLE WATER ENFIRONMENT AUTHORITY, CHRISTIAN COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The City of Hopkinsville f/b/o the Hopkinsville Water Environment Authority requested a \$4,000,000 Fund F loan for the Westside Two Million Gallon Tank and Water Main Extension project. The project is for 1) the construction of a two million gallon elevated storage tank, and 2) approximately 19,000 linear feet of sixteen inch ductile iron pressure pipe to service the tank and areas along the Eagle Way Bypass that are presently underserved. It will also permit business and residential expansion on the west side of Hopkinsville. Current customers will benefit from improved water pressure. The 2012 Drinking Water Capitalization Grant did not contain a “green” requirement. The project qualified for additional subsidization in the amount of \$400,000. The unforgiven balance of the loan is \$3,600,000 to be repaid in 20 years with a 1.75% interest rate and an estimated annual debt service payment of \$223,112. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the Fund F (F13-020) resolution with the standard conditions. Mr. Robert Aldridge seconded, and the motion carried unanimously.

C. OLD BUSINESS

1. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A12-029) IN THE AMOUNT OF \$6,500,000 TO THE OLDHAM COUNTY ENVIRONMENTAL AUTHORITY, OLDHAM COUNTY, KENTUCKY

The project was removed from the agenda for the June 7, 2012, KIA Board Meeting, but a discussion of the project took place at that meeting and a motion was passed for a report to be submitted to the Board regarding the status of the

project in 60 days. On August 2, 2012, Mr. John Covington, KIA, reported back to the Board that discussions had taken place between Oldham County Environmental Authority, Louisville MSD and Division of Water, and the project was not ready to be presented to the Board at that time.

Mr. Covington introduced the project and explained that a year ago the Oldham County Environmental Authority applied for a Fund A loan for a wastewater treatment plant. At the time, KIA staff performed the financial review and staff recommended the project. However, Division of Water had some concerns regarding the technical aspects of the project. He also explained that the loan amount of \$6,500,000 has been held for almost two years now and therefore is not available for commitment to other projects. Currently, KIA has more projects requesting funding than the amount of funding available, and EPA expects projects to be awarded in a timely manner. Mr. Covington asked the Board to either make the decision to commit the funds to the Oldham County Environmental Authority for this project, in which they would have the standard 12 months to get the project moving forward and an additional six months, if needed; or, should the Board feel this was not a project that was appropriate for approval at this time, deny the loan commitment. If the loan commitment was denied then the Oldham County Environmental Authority could apply again in the future.

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The Oldham County Environmental Authority (OCEA) requested a \$6,500,000 Fund F loan for the Orchard Grass Regional Wastewater Treatment Plant project. The project is for the construction of a 1.25 MGD regional wastewater treatment plant and related transmission to decommission the existing Orchard Grass and Willow Creek wastewater treatment plants in compliance with a pending agreed order. Additionally, the project will provide additional treatment capacity to further decommission the Ash Avenue wastewater treatment plant owned by OCEA and an existing 140,000 MGD plant owned by the Kentucky Correctional Institute for Women (KCIW). Separate additional funding for the transmission and decommissioning costs will be required in a second project phase. A .75 MGD facility was originally proposed, however the addition of flow from the KCIW and restrictions by the Division of Water on new treated flow to Floyds Fork Creek necessitated a capacity increase. OCEA is finalizing their 201 Regional Facilities Plan (RFP). As part of the RFP's alternatives analysis, OCEA is in negotiation with Louisville MSD for agreement with the assumptions to be used to calculate the present worth analysis for two regional treatment alternatives. The alternatives consider (1) the construction of a new 1.25 MGD regional treatment plant by OCEA, and (2) the conveyance of OCEA's sewage to MSD's Hite Creek Water Quality Treatment Center. The draft present worth analysis shows the most economical solution to be construction of a new WWTP by OCEA. After determining the most cost effective treatment solution, OCEA will be in a position to submit the recommended course of action to the Division of Water and await approval of the RFP. Under the 2012 Capitalization Grant Equivalencies the project will not be reported for Green Project Reserve funding and it did not qualify for additional subsidization. The term of the loan is 20 years with an interest rate of 1.75% and a total estimated annual debt service payment of \$399,591. KIA staff recommended approval of the loan with the standard conditions and the following

special condition: OCEA will provide documentation of debt compliance for fiscal 2012.

The project was discussed by the Board, Oldham County representatives, Louisville MSD representatives, DOW staff and KIA staff. Mr. Peter Goodman, Assistant Director at DOW, stated that OCEA had done everything that was asked of them by DOW and, because timeliness was an issue, DOW encouraged the Board to consider the project.

Ms. Linda Bridwell wished to commend Oldham County Environmental Authority and Louisville MSD on their efforts to work together to meet infrastructure needs and to guarantee that funding will be used in a most efficient manner.

Ms. Linda Bridwell moved to approve the Fund A (A12-029) resolution with the standard conditions and the special condition indicated in the staff recommendations. Ms. Lona Brewer seconded based on the recommendations of the Division of Water, and the motion carried unanimously.

Chair Tony Wilder announced the upcoming resignation of Ms. Sandy Williams from KIA. Chair Wilder stated there was not a more competent professional person associated with KIA than Sandy Williams. He affirmed it had been a pleasure working with Sandy and she would be sorely missed. He thanked her for all that she had done for KIA and wished her good luck in the future.

Chair Tony Wilder left the meeting at this time and turned over the chair to Ms. Lona Brewer to continue the board meeting.

D. REIMBURSE CAPITAL EXPENDITURES

1. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority's funds with bond proceeds. The projects listed below are covered under this resolution:

APPLICANT	FUND	AMOUNT
Oldham County Environmental Authority	A12-029	\$ 6,500,000
Regional Water Resource Agency	A13-028	\$ 1,538,750
City of Burkesville	B13-004	\$ 500,000
City of Scottsville	B13-005	\$ 1,416,540
City of Carrollton f/b/o Carrollton Utilities	F12-007	\$ 1,538,817

Northern Kentucky Water District	F13-012	\$ 4,000,000
City of Hopkinsville f/b/o Hopkinsville Water Environment Authority	F13-020	\$ 4,000,000

Ms. Linda Bridwell moved to approve the resolution. Mayor David Cartmell seconded, and the motion carried unanimously.

II. EXECUTIVE DIRECTOR’S REPORT

Mr. John Covington, KIA, reported on the following items to the Board:

- A. Mr. Covington added that Sandy William's leaving was both a happy and sad occasion because she will be greatly missed but truly understands her desire to further her career. He stated that KIA staff will really have to step up their game in order to cover the hole that she leaves. Ms. Williams thanked everyone and stated she had learned a lot and had grown a lot during her time at KIA. She will miss everyone. Ms. Williams informed the board that she is going to the Finance Cabinet in the Office of Financial Management as the Deputy Executive Director.
- B. The public comment period for the 2014 draft IUP is now closed and staff is preparing responses. Staff hopes to have the Capitalization Grant Application, which includes the IUP, to EPA fairly soon. The application was prepared based on estimates for funding but the final amounts are still not available for the SRF program. Once the amount of funding is finalized we will be sending out invitation letters to those projects that ranked high on the priority list. The IUP can be found on KIA's website and the priority list will be placed on the website once those projects are identified.
- C. Mr. Covington addressed the upcoming board meeting schedule dates. The regularly scheduled date for the July meeting is July 4th and a meeting will not be held on that date. Because the current funding cycle is nearing the end there may not have been a reason to meet in July anyway. Mr. Covington asked if the Board would entertain the idea of moving the June meeting to late in the month of June so that the meeting would be somewhat halfway between the June and July meetings. This would help in preparing projects for the meeting just in case extra time was needed. If this proposal conflicts with the Board Members' calendars, then the regularly scheduled date of June 6th would stand. KIA staff will poll Board Members in the next few weeks if the proposal met with the Board's approval. The Board concurred.
- D. At the next board meeting, the Board will need to elect a new Secretary for the KIA Board.
- E. Mr. Ron Lovan asked if KIA had heard any updates regarding possible proposed cuts to the SRF budget from EPA. Mr. Covington stated that there will be cuts. He stated that in next year's appropriation the President requested a reduction and it is a significant amount. Mr. Covington stated that he wouldn't be surprised, though, if the amount changed higher or lower.

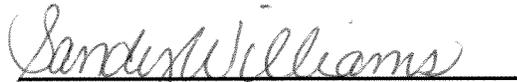

III. STATUS REPORT FOR FUNDS A, A2, B, B1, C, F, F2

IV. ANNOUNCEMENTS/NOTIFICATIONS

- Next scheduled KIA board meeting:

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Wastewater Revolving Loan Program (Fund A) with the Lincoln County Sanitation District, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund A loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Wastewater Revolving Fund loan for \$2,000,000 of project expense including capitalized interest for the construction period, to the Lincoln County Sanitation District for

the Phase I Sewer Project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of \$1,000,000 will be deducted from the approved loan amount. The unforgiven principal balance of \$1,000,000 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 20 years at an interest rate of 0.75%. In addition to debt service, a 0.2% annual administration fee on the unpaid, unforgiven principal balance will be charged. From annual revenues, \$5,000 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$50,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 19th day of June 2013.

**KENTUCKY INFRASTRUCTURE AUTHORITY
WASTEWATER REVOLVING LOAN FUND (FUND "A")
LINCOLN COUNTY SANITATION DISTRICT, LINCOLN COUNTY
PROJECT REVIEW
SX21137001**

I. PROJECT DESCRIPTION

The Lincoln County Sanitation District (District) is requesting a Fund A loan in the amount of \$2,000,000 for the Phase I Sewer Project. The project will provide wastewater collection to approximately 445 unserved customers in the western portion of Lincoln County. The area includes US 127 south of Junction City and proceeding to the Moreland area. The District has an agreement with the City of Danville for treatment of waste and is negotiating with Hustonville Water Works to perform billing and operations and maintenance functions. Current waste disposal methods consist of septic tanks and straight pipes both of which result in unsanitary discharges to the ground surface. A survey indicated high levels of e-coli bacteria in the Hanging Fork watershed. Tests indicated that waste in creeks and streams was composed of 25% cattle waste and 75% human waste. These waters drain into Herrington Lake which is a source of water for the area. Additional construction phases to extend the District's service area will be added as funds permit.

The District was established on May 10, 2011 by the Lincoln County Fiscal Court. The District is governed by five directors who are appointed by the County Judge Executive and approved by the fiscal court. Connection to the public wastewater system is mandatory within four months of the date that a property owner is notified that service is available.

VI. CUSTOMER COMPOSITION AND RATE STRUCTURE

A) Customers

Customers	Current	Proposed	Total
Residential	0	432	432
Commercial	0	13	13
Total	0	445	445

B) Rates

A rate ordinance has not been established by the District. Fees, rates and charges will be based on the actual cost of providing services as provided in KRS Chapter 220.510. The estimated rate for 4,000 gallons is in the \$45 range. Connection fees will not be required for the initial customer base.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the County's population was 24,779 with a Median Household Income (MHI) of \$32,314. The median household income for the Commonwealth is \$41,576. The project will qualify for a .75% interest rate.

VIII. 2012 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of \$1,000,000. Of the nine projects that were eligible for additional subsidization and were invited to apply for SRF funding during the 2013 funding cycle LCSD was the only applicant that applied for funding. The amount of subsidization that is being offered to LCSD will permit KIA to meet the minimum subsidization requirements that are required by its Grant Agreement with the U.S. Environmental Protection Agency.

IX. FINANCIAL ANALYSIS (See Exhibit 1)

This is a new utility and there is no financial history. Audited financial statements will be required annually once the District enters into an Assistance Agreement with KIA.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Revenues will be sufficient to fund debt service, required reserves, operating expenses and a depreciation reserve. The revenue forecast is based on 445 customers with an average water use of 4,000 gallons per month.
- 2) Expenses are based on a budget that was provided by the applicant. Treatment costs from the City of Danville will initially be \$1.87 per thousand gallons.
- 3) Estimated annual reserve funding (inclusive of required KIA reserve) is \$25,000.
- 4) Debt service on the proposed KIA loan is estimated at \$55,937 annually.
- 5) Debt service coverage is 1.3 in 2017 when full year principal and interest repayments begin.

Based on the proforma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The annual replacement cost is \$5,000. This amount should be added to the replacement account each December 1 until the balance reaches \$50,000 and maintained for the life of the loan.

XIII. RECOMMENDATIONS

KIA staff recommends approval of the loan with the standard conditions and the following special conditions:

1. Prior to the award of the construction contracts the District shall approve a Rate Ordinance which specifies user rates and the date that billings will commence. Rates will be sufficient to cover anticipated operating expenses, debt service and reserve funding for the system.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the City of Williamstown, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Drinking Water Revolving Fund loan for \$2,000,000 of project expense including capitalized interest for the construction period, to the City of Williamstown for the Water Systems Improvements Phase I project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time

of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 10% will be deducted from the approved loan amount. The unforgiven principal balance of \$1,800,000 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 20 years at an interest rate of 1.75%. In addition to debt service, a 0.25% annual administration fee on the unpaid, unforgiven principal balance will be charged. From annual revenues, \$5,000 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$50,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 19th day of June, 2013.

DRINKING WATER STATE REVOLVING FUND (FUND "F")
CITY OF WILLIAMSTOWN, KENTON COUNTY
PROJECT REVIEW
WX21081001**

I. PROJECT DESCRIPTION

The City of Williamstown is requesting a Fund F loan in the amount of \$2,000,000 for Phase I of a two-phase "Water Systems Improvements" project. The City anticipates finalizing funding for the entire project in late Spring 2014. The estimated total project cost is \$17.2 million. Separation of the project into two phases will permit the City to access KIA funding for Phase I without waiting to obtain commitments for the entire project. Phase I is not dependent upon completion of Phase II for its success. KIA anticipates funding an additional \$2 million during Phase II.

The entire project addresses capacity and water quality needs by construction of a new 4.0 million gallon per day (MGD) water treatment plant (WTP), improvements to the raw water intake and pumping station, and a new 14-inch raw water main. The WTP components will include, chemical storage and feed facilities, high rate clarification using dissolved air flotation (DAF), mixed media filtration, process enhancements using granular activated carbon (GAC) post-filter contactors for trace organic compound reduction as well as taste and odor reduction, clearwell storage for finished water and high service and backwash pumping facilities. The process enhancements will allow the City to comply with Stage 2 of the Disinfection By-Products Rule. Also, the current treatment process is unable to successfully eliminate methylisoborneol (MIB) and geosmin which contribute to periodic taste and odor issues that result from the seasonal turnover of Lake Williamstown.

The **first phase** includes planning and design for the entire project along with construction of two new sludge lagoons. The lagoons will address immediate needs related to the City's WTP solids handling and dewatering system which was found to be deficient during a July 2012 sanitary inspection by the Kentucky Division of Water (DOW). Subsequently, the DOW issued a Notice of Violation and notified the City that immediate action was required to address the problem. The City currently pumps out the existing holding tank and has the sludge hauled to the landfill. This approach is temporary and very costly. The City proposes to construct the new lagoons to handle the WTP backwash solids. The most cost effective approach to the problem is to construct two new sludge lagoons at the new WTP site and temporarily pump solids from the existing WTP to these lagoons. When the new WTP is complete, the backwash solids would then gravity flow to the lagoons. The **second phase** is for construction of the remainder of the project.

The existing plant has a capacity of 2.25 MGD and was constructed in 1964 with water being sourced from Lake Williamstown. Production averages 1.4 MGD with peaks of 2.0 MGD. The City's population grew by almost 30% from 1990 to 2010 while the County's population grew approximately 56%. The City directly serves 1,800 customers and provides wholesale water to the City of Dry Ridge, and the Bullock-Pen Water and the Corinth Water Districts, both of which are regulated by the Kentucky Public Service Commission. About 43% of water sold was to these three customers during each of the past three years. The City is the sole supplier for Dry Ridge and Corinth.

Rates for the City of Dry Ridge were modified in 2009 to be the same as the “In City” rate per thousand gallons.

A provision in the City’s rate ordinance states “Every two (2) years, the City may increase and add a Cost of Living Adjustment based upon the Consumer Price Index in January.” This permits the City to, at its election, recover one year of inflation every other year.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the City’s population was 3,898 with a Median Household Income (MHI) of \$38,602. The median household income for the Commonwealth is \$41,576. The project will qualify for a 1.75% interest rate.

VIII. 2012 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - The 2012 Drinking Water capitalization grant does not contain a “green” requirement.
- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of 10%, or \$200,000.

IX. FINANCIAL ANALYSIS (See Exhibit 1)

Financial information was obtained from the audited financial statements for the years ended June 30, 2010 through 2012. Cash flow information is presented for the water system. However, the balance sheet is composed of the entire “Utility Fund” which includes electric, water and cable television systems. The Sewer Fund is reported separately from the Utility Fund and is not a component of this analysis.

HISTORY

Approximately 50% of revenues are derived from sales to the City of Dry Ridge, the Corinth Water District and the Bullock-Pen Water District. Revenues increased 12% from \$1,378,896 in 2010 to \$1,541,965 in 2012. Revenues from services increased 3%, or \$43,263. The balance of the increase was in Other Income. Operating expenses increased 11% from \$952,053 to \$1,053,187 for the same period. The debt coverage ratio was 1.3, .7, and 1.2 in 2010, 2011 and 2012, respectively. Debt service increased from about \$320,000 in 2010 to \$420,000 in 2011 and 2012.

The balance sheet for the Utility Fund reflects a current ratio of 2.0 and a debt to equity ratio of 0.5. A \$2.25 million water line replacement project which is being funded by KIA (F11-02) began construction during 2012 and should be completed by the end of 2013. The Utility Fund does not have any restricted fund balances.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Revenues will increase 0.5% per year for general volume growth and 2% every other year for the prior year’s CPI change. This is incremental to the rate increases discussed below.
- 2) The forecast only considers the impact of Phase I on rates. Rates will be adjusted by the dollar amounts listed below. The City will need to determine how the increase will be applied to the various rate categories (in City retail, out of City retail, and wholesale rates).

Effective Date	08/01/13	07/01/14
Incremental Revenue	\$78,400	\$190,000
Percent of 2013 Water Revenue	5.5%	12.6%

- 3) A commercial project that is expected to begin construction in late 2013 or early 2014 will contribute about \$100,000 annually to free cash flow beginning in 2016.

A \$500,000 tap fee for the project is assumed in 2015. The required debt coverage ratio is calculated excluding this fee with the assumption that there will either be corresponding capital costs or the establishment of a depreciation reserve.

- 4) Expenses will increase 2% annually for inflation.
- 5) Debt service on the proposed KIA loan is estimated at \$111,556 annually.
- 6) Debt service coverage is 1.0 in 2015 when principal and interest repayments begin.

REPLACEMENT RESERVE

The annual replacement cost is \$5,000. This amount should be added to the replacement account each December 1 until the balance reaches \$50,000 and maintained for the life of the loan.

Based on the proforma assumptions, the utility shows adequate cash flow to repay the KIA Fund F loan.

**A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY
AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF
THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE
CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES
PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE
AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

Section 2. The Executive Director and Treasurer of the Authority are hereby authorized and directed to reimburse, not later than eighteen months after the later of (i) the date of the expenditure or (ii) the date the item was placed in service, but in any event not later than three years after the original expenditure, only those Prior Capital Expenditures made with respect to assets having a reasonably expected economic life of at least one year, and in addition, eligible preliminary expenditures paid and incurred prior to commencement of the Project.

Section 3. The Authority finds and determines that, consistent with the Authority's budgetary and financial circumstances, it does not have funds currently available and does not expect to have funds available in the future that may be allocated on a long-term basis, other than the proceeds of the Obligations, to finance the Prior Capital Expenditures.

Section 4. The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution. Said books, record and proceedings of the Authority with respect to this resolution will continue to be reasonably available to the general public until the date of issuance of the Obligations.

Section 6. This Resolution shall be in full force and effect from and after its adoption.

Passed and adopted this 19th day of June, 2013.
